

Reviewers,

Thank you for your initial review.

Following your suggestions we have:

1. Explicitly referenced Figure 1, Figure 2, and Table 1 in the text (i.e., “ in Figure `\ref{fig:foo}`”
2. Noted the position of Figure 1, Figure 2 and Table 1 relative to the manuscript (i.e., “...below in Figure 2”)

These are the only changes to the revised manuscript.
